DECISIONAL PROCESS

### Motivation & Goals

- Promote debate for more representativity and make informed decision and raise quality of proposals
- Decision by consensus promotion. If we don't reach agreement, then vote + allow postponing vote and make quorum.
- Proposal presented before voting in order to present context and motivation of the proposal.
- Have a different percentage of votes needed to change core values from regular values.
- We also need a manifesto.
- Possibility to vote anonymously on some issue.
